SMSTS 5 Day Training

WHO SHOULD ATTEND

- Site Managers
- Project Managers
- Construction Managers
- Assistant Site Managers

COURSE DURATION

- 5 Days

COURSE CONTENT

Designed for Site Managers, Project Managers and persons who are responsible for planning, organising, monitoring, controlling and administering a workforce.

The course covers all relevant legislation and other aspects which affect safe working in the building, construction, and civil engineering industries. The course focuses on the need for risk assessment in the workplace, the implementation of necessary control measures and adequate communication to sustain a safe practice in the workplace.

SMSTS certificate holders will need to renew their certificate and the refresher course aims to bring individuals health and safety knowledge up to date, as well as giving a thorough overview of legislation changes and their impact in the workplace. The course includes a wide range of topics many building on the previous five-day course programme as well as introducing new subjects.

We can deliver this course at your venue throughout the UK, here at our training venue in Doncaster or online via Zoom. Call us now for more information
